

Sub Committee for General Management

Name of Institute: Symbiosis School for Liberal Arts

Course Name: Core- Research Methods and Analysis - RM II

Number of Credits: 3

Level: 2

Course Description:

This course is a continuation to the introductory course in research methodology. It provides students with skills and knowledge to design, develop and implement their individual research projects. The three types of researches are quantitative, qualitative and discourse analysis. It enables students to demonstrate knowledge about specific tools under each research type. They can demonstrate a research proposal that progresses into a research based on their project.

This course stresses on mixed methods of research, as liberal arts promotes interdisciplinary work.

The course comprises of revising concepts and steps of research, developing research design, methods, mixed methods and data analysis.
